PARKING LOT SAFETY

# SHOPPING CART CORRAL BUMP

Our RubberForm Shopping Cart Corral Bump keeps shopping carts where they belong till your customers need them: in the cart corral. It's made with 100% American recycled TPV composite material that **won't crack, crumble, or corrode** no matter the heat, cold, rain, ice, or snow.

The traditional metal bar or concrete or asphalt bump options are harder to see and easier to trip over. Our corral bump tells your customers **you care about their safety** without making it difficult to get carts in and out, and keeps them from rolling into you or your vehicle.

## KEY FEATURES:

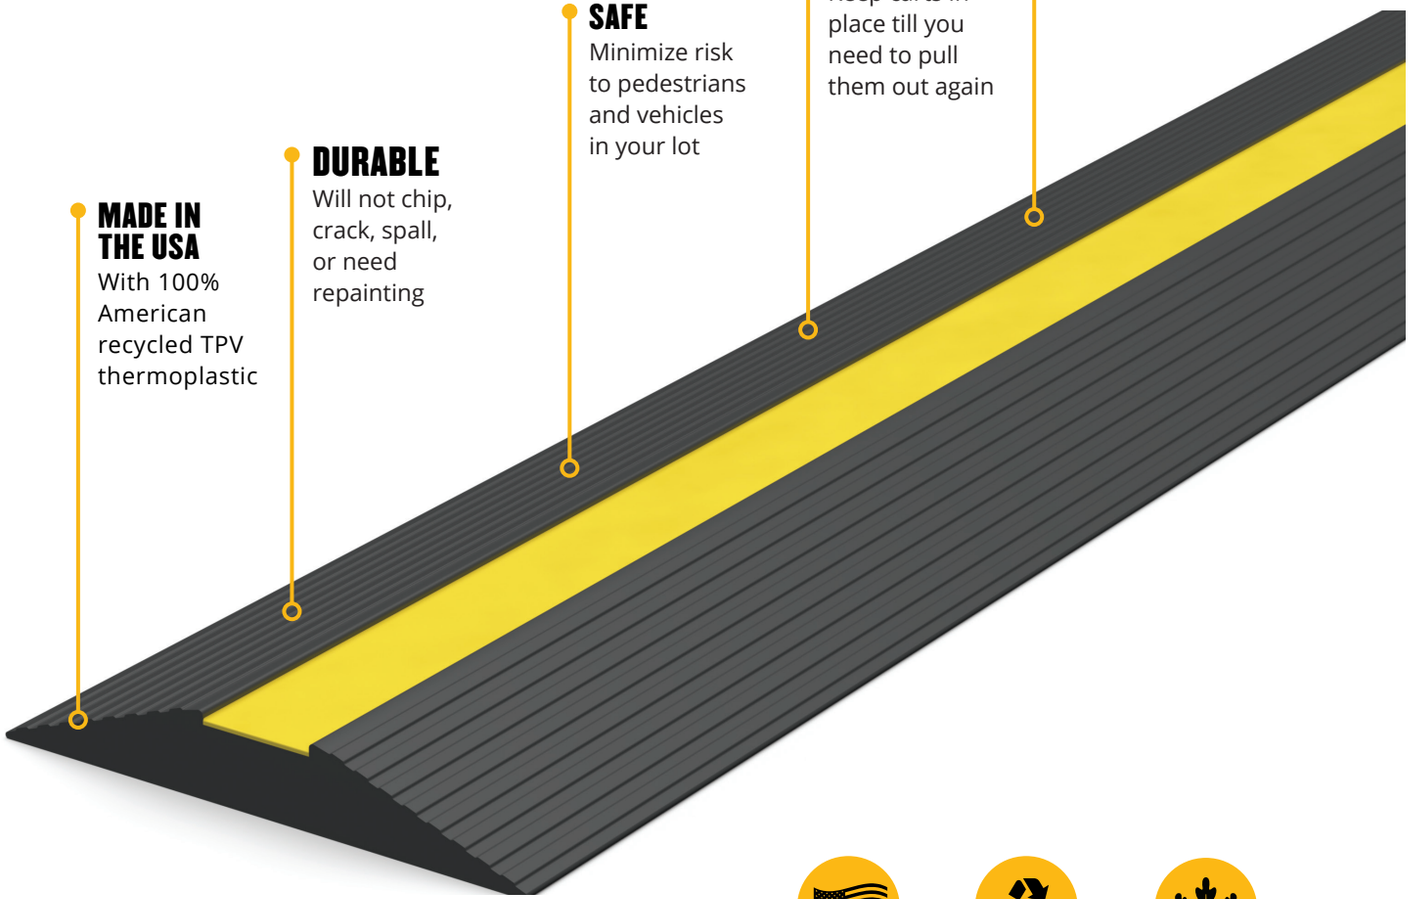

**MADE IN THE USA**
With 100% American recycled TPV thermoplastic

**DURABLE**
Will not chip, crack, spall, or need repainting

**SAFE**
Minimize risk to pedestrians and vehicles in your lot

**TAPERED RAMPS**
Keep carts in place till you need to pull them out again

**CONVENIENT**
Easy to install, remove, and relocate

**Made in the USA**

**100% Recycled Materials**

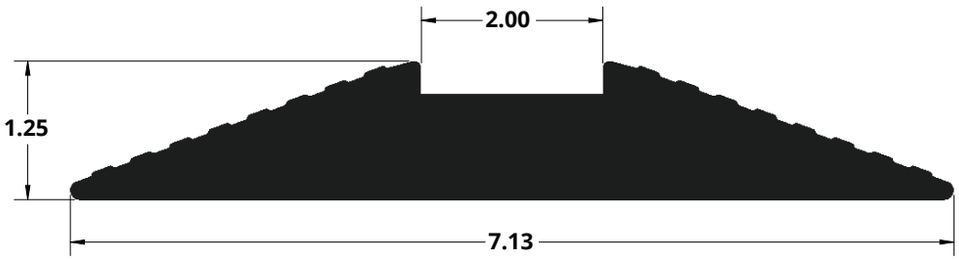

**Increase LEED Score**
